Wireless at CUMC

CUMC has two wireless networks available on campus:

- **Athens** is the supported secured wireless network on campus. A UNI login and special configuration on your computer is required. See our Wireless for Windows or Macintosh handouts for instructions or visit [http://www.cumc.columbia.edu/wireless](http://www.cumc.columbia.edu/wireless) and select the link for your operating system in the left.

- The Wireless Guest Network (broadcast as **guest-net**) is not secured. It does not require special configuration other than selecting it for your wireless card’s connection and agreeing to the Terms and Conditions and Acceptable Use page. Only basic services such as web browsing and email are allowed.

Please take the following into consideration when deciding which network to use:

- Faculty, staff and students should always use the secured network. Encryption is absolutely required when working with patient data and other sensitive or confidential work related information. Many academic, research, and work-related applications and sites are not available unless connected to Athens.

- Support for guest-net is limited to verifying whether the network is currently operational. Basic instructions on connecting are provided below as a courtesy only.

**Connecting to guest-net**

The Wireless Guest Network does not require special configuration or login. Your computer can connect by selecting "guest-net" from the list of networks your computer’s wireless card shows within range. Once your wireless card has connected, open your web browser. The browser may display a warning page about the website’s security certificate as it is connecting to the guest-net entry page. Be sure to select the link to “Continue to this website” in order to see the Terms and Conditions and Acceptable Use for the Wireless Guest Network website. You must select “I Agree” at the bottom of the page in order to use guest-net.

**Wireless Locations**

All locations have Athens and guest-net available unless otherwise noted.

**AP - Allen Pavilion**
- Entire building

**BDH - Bard Hall**
- Entire building

**BB - Black Building**
- B1 Level
- 1st through 3rd Floors
- 7th and 8th Floors
- 10th through 12th Floors
- 14th through 18th Floors
- 20th Floor

**CHoNY Central and North**
- Entire building

**CT - CHoNY Tower - Children’s Hospital of NY**
- B2 Level
- 1st Floor
- 3rd through 7th Floors
